During submission, an incorrect sentence was provided. The sentence “The warming rates at a depth of 10 m ranged from 0.02 °C per decade (FCKGT) to 0.78 °C per decade (QTB05) but varied between 0 °C per decade and 0.24 °C per decade at a depth of 20 m.” should be changed to the following: “The warming rates at a depth of 10 m ranged from 0.02 °C per decade (FCKGT) to 0.78 °C per decade (QTB15) but varied between 0 °C per decade and 0.24 °C per decade at a depth of 20 m.”

Also, the wrong files for Figs. 10 and 11 were inadvertently uploaded. The correct figures and their captions are now as follows.

**Figure 10.** Annual mean ground temperature as a function of time at a depth of (a, b) 10 m and (c, d) 20 m from the boreholes with continuous data series.

![Figure 10](image)

**Figure 11.** The relationship between warming rate and multiyear mean ground temperature during the observation period from the (a) active layer monitoring site and the (b) borehole site.
