Dear Editor and Referees

The authors would like to thank all referees for the positive and constructive comments regarding the submitted manuscript and dataset, which helped to improve the work. In general, all small changes suggested by the referees were accepted. A complete reply addressing each referee comments is presented as supplement file - AuthorsComments.pdf.

Furthermore, the dataset DOIs were also updated in the new manuscript version. Comments explicitly related to the dataset were directed to PANGAEA data repository, for

dataset update.

As a conclusion, the new version of the manuscript, which includes all changes, is presented as supplement file as well - ManuscriptChanges.pdf.
