

Interactive comment on “A new bed elevation model for the Weddell Sea sector of the West Antarctic Ice Sheet” by Hafeez Jeofry et al.

Anonymous Referee #1

Received and published: 20 November 2017

This is a solid contribution with a few minor issues:

Line 24: "This has" or "These have"

Lines 56-59: It's not clear what purpose this paragraph serves. Consider cutting.

Line 188: Your analysis, rather than RES, assumes this. RES can be done with other assumptions. Clarify.

Line 343: Capitalize "Institute Ice Stream"
