We thank the Referee #1, Dr. Nachshon for the encouraging comments on this manuscript.

We briefly mentioned this on page 3 line 5 as pointed out by the Referee #2- Dr. Apfels, but the data was not included in the original submission. We have taken note of the importance, and usefulness of the data have thus elaborated on how this data is collected in the revised manuscript's Section 7 (page 8 Water isotope data and sur-
