We have noticed that we made a small error typing equation 1 in the pre-print. This equation should read:

$$\lambda = 1 - \frac{n^{-1} \sum_{i=1}^n (X_i - Y_i)^2}{\sigma_X^2 + \sigma_Y^2 + (\mu_X - \mu_Y)^2 + \kappa} \quad (1)$$

This does not change the results in any way, as the calculation have been done with the correct formula described in the original paper (Duveiller et al. 2016).
