

Interactive comment on “Completeness of radiosonde humidity observations based on the IGRA” by António P. Ferreira et al.

António P. Ferreira et al.

ap.ferreira@uvigo.es

Received and published: 9 January 2019

The authors would like to draw attention to an error in their point-by-point reply to Anonymous Referee #1: on page 8, where it reads “by limiting RH”, it should read “by lowering saturation vapor pressure”.

Please also note the supplement to this comment:
