Received and published: 1 February 2019

We would like to thank the two anonymous reviewers, whose comments significantly improved our manuscript. Please find our detailed response in the file attached. We added numbering to both reviewers comments to easier link to responses that apply several times. Corresponding changes in the manuscript (attached to the response letter) are highlighted in yellow. Line numbers refer to the revised manuscript, attached to this response letter.

Please also note the supplement to this comment:
