Response to Reviewer #1 Dear editor and reviewer,

Thank you very much for your great efforts, comments and suggestion again! Based on the first version of “the response to reviewer”, the editor evaluated our manuscript carefully and proposed some good suggestion and comments. Combining editor and reviewers’ suggestion and comment, we revised our manuscript carefully and thoroughly. Therefore, I am kindly to remind you that it would be much more efficient to work on the updated “the response to reviewer” and discard the old version that uploaded on July 17, 2019. Thank you for your understanding.

Suggestion and comments from referees or editor are marked in Black. Responses
