Interactive comment on "Development of the HadISDH marine humidity climate monitoring dataset" *by* Kate Willett et al.

Kate Willett et al.

kate.willett@metoffice.gov.uk

Received and published: 28 May 2020

Many thanks for your thorough review of our paper. We hope that we have responded satisfactorily to all comments and feel that these changes have helped to make our paper much clearer which is very important. We have responded to all of your comments in the attached document and copied in text changes where relevant. We hope that you are able to see a tracked changes version of the document also.

Please also note the supplement to this comment:
