Dear authors,
thank you very much for your response to my comments.
I very much appreciate your detailed investigations and explanations on the issues that I raised. You fully considered my points and I do not have any further requests for revisions.

There is only one very minor, technical point:
Fig. 1B in your new figure is missing a scale and the orientation differs from the new

map that you included in 1C. Could you please fix this?

Kind regards!
