Received and published: 28 July 2020

I am sorry to say that I made some technical mistakes in the first revised version of [essd-2019-212](https://doi.org/10.5194/essd-2019-212). I double-checked the manuscript carefully and the hyperlink missed the last character 'c' was added. The other technical mistakes corrections such as spelling mistakes were corrected shown in a marked-up manuscript version.
