Received and published: 5 September 2020

We thank Robert Bingham for these supportive comments.

We will endeavour to minimise our statements around institutions and nationalities, as requested.

We will also adhere to all of the minor edits as recorded in the pdf version of the paper.

We don't feel there are many things to change - but we can certainly tighten up the paper based on these helpful remarks.

Interactive comment on Earth Syst. Sci. Data Discuss., <https://doi.org/10.5194/essd-2020-126>, 2020.
