Dear Referee:

We thank you for this opportunity to improve our manuscript. We have considered all comments when revising the manuscript. We have modified the manuscript with real thought as to make it more relevant to the readers of Earth System Science Data. The revised version includes significant progress in addressing the issues raised in your comments. Please find in the attached supplement, a detailed description of our responses to each comment. We gratefully acknowledge the helpful comments that have contributed to the improvement of our paper.

Sincerely,

The authors
