Received and published: 5 February 2021

Specific comments:

- 1) We will insert the definition of natural reef, artificial reef, and wreck in the introduction.
- 2) We consulted the www.relitti.it website and we found that much information (included coordinates) was not directly available on the website but complex inquiries were required to acquire the data. Moreover, the website was offline during a consistent part of the data collection phase.

Discussion paper

3) We shared the questionnaires only with project partners. The number of questionnaires collected will be included in the final version.

4) Groups' specifications will be added in paragraph 2.2.1.

Technical comments:

Line 43 and 53: we will insert the missing citations.

Line 60: we will include the Reefbase website URL, as requested.

Line 63: we will correct the citation, as suggested.

Line 91: the hyperlink of the PDF was copy-pasting a bad address mixing it with the line numbers, please make sure to copy-paste the correct spelled address.

Line 97: the URL was misspelled, we will correct it.

Line 150: will be rephrased in order to accomplish the reviewer request.
