Dear Dr Gruber,

I would like to thank you and the reviewers once again for your time in helping us publish this dataset.

I have happily made the few technical typesetting and grammatical corrections that were identified by the most recent review.

I have also separated the Supplementary figures into a new supplemental file as was noted and requested during the previous review file validation.

Hopefully you will find the production files in good order, but if you require any further information or corrections please do let me know.

Kind regards,

Thomas Etherington
