World Atlas of late Quaternary Foraminiferal Oxygen and Carbon Isotope Ratios – response to and changes to manuscript

Dear Kirsten Elger,

Thank you for your comments. Please find our response and changes to the manuscript below:

Editor comment 1: Please contact PANGAEA and ask them to register the DOI and remove the password protection for data download.

Author's response: The DOI was registered and the password protection was removed. The data set can be downloaded under https://doi.org/10.1594/PANGAEA.936747

Changes to manuscript: None.

Editor comment 2: Please change all "https://doi.pangaea.de/" links in the manuscript to "https://doi.org/"

Author's response: None.

Changes to manuscript: All links provided in the manuscript were changed to "https://doi.org/".

Thanks again and kind regards,

Stefan Mulitza and co-authors
