

**Dear Editor,**

Following your last comment, we have updated the reference Pisano et al. (2021) in order to be consistent with the corresponding DOI citation (<https://doi.org/10.48670/MOI-00170>).

Basically, Pisano et al. (2021) → CNR (2021), where the citation now reads:

CNR. (2021). Mediterranean Sea - High Resolution Diurnal Subskin Sea Surface Temperature Analysis [Data set]. MOi for Copernicus Marine Service. <https://doi.org/10.48670/MOI-00170>

Additionally, following the comments from the editorial team, we updated Tables 2-3-4 so that do not contain any more colored cells.

Best,

A. Pisano and Authors' Team.
