I thank the authors for the significant improvements made to the MS.

One last question: Why is Libya included in the list of countries, but not shown on the map in Figure 1? If this is relatively easy to fix, I'm sure the Libyan participants would be pleased with a revised version

We have checked there are not at the moment signatories from Lybia. We then removed Lybia from the list of countries. The list after Figure 1 has been also rechecked and it is now fully consistent with the dataset.
