Dear dr. MetzI,

Given the positive reviews of both referees, I am happy to accept your article for publication.

I have only one minor request - throughout the manuscript (at L604, L681, L748, L848) you mention 'not shown'.

I would ask you to omit that at L604, as it is redundant, but at the other instances where you discuss time trends, I would ask you to either provide a reference for the statements, or provide a figure. The reader should be able to evaluate how important/significant the trends are that you mention.

Kind regards
Sebastiaan

Dear Editor, dear Sebastiaan

Thank you for your positive report and suggestions for the « not shown » sections.

The text has been revised accordingly and appropriate figures (3 figures) added in the supplementary material.

Best regards,

Nicolas MetzI
